- Cytoplasmic fluorescence, rapid identification of malignant cells in vaginal smears by (Franklin and Brunson), 958 (Abst.)

## D

- Deciduous of cervix manifesting as antepartum hemorrhage and simulating carcinoma (Orr and Pedlow), 884
- Decompression, abdominal, during first stage of labor (Quinn et al.), 714 (Abst.)
- Defibrination, intravascular, in pregnancy, with associated pituitary and kidney damage (Beischer), 625
- Deliveries, 38 day interval between, normal, living twins in uterus didelphys with (Green, Schanck, and Smith), 340
- breech, risks in, associated with fetal size and induction of labor (Randall, Baetz, and Brandy), 27
- in cardiac patients, choice of (Luft), 959 (Abst.)
- vaginal, after cesarean section (Salacz and Salacz), 1196 (Abst.)
- postpartum intestinal obstruction after (Mansell and Beil), 872
- Dextran, intraperitoneal injection, in rats, electron microscopy after, features of glomerular filtration and permeability revealed by (Jeman and Ashworth), 1193 (Abst.)
- Diabetes insipidus in pregnancy (Szendi and Lakatos), 464 (Abst.)
- and prediabetes in pregnancy, special reference to newborn (Fischer and Moloshok), 233 (Abst.)
- Diagnostic conization of cervix during pregnancy (Baker, Rifkin, and Berger), 878
- Dicephalus dipus tribrachius (Rubinstein and Suidan), 325
- Diethylstilbestrol, saturated aqueous solution, clinical usage (Gorman), 1228
- Dilatation for diagnostic curettage, trauma to internal cervical os during (Hulka and Higgins), 913
- Dose distribution during radium therapy of cervical cancer (Lewis and Raventos), 1031
- Dunham's premature infants (Silverman), 956 (B. rev.)
- Dysmenorrhea (deVere), 237 (Abst.)
- Dysplasia in cervix during pregnancy (Reagan et al.), 228 (Abst.)
- Dystrophy, myotonic muscular, uterine contractions during labor in (Sciarra and Steer), 612

## E

- Ectopic pregnancy, operation of choice for, with reference to subsequent fertility (Vehaskari), 713 (Abst.)
- in Shiraz, Iran (Torpin et al.), 456 (Re-evaluation)
- Editorials:
- Vaccination against influenza in pregnancy (Taylor, Barnes, and Brewer), 238
- Electrolyte levels, comparative, resting membrane potential and (Kumar and Barnes), 736
- Electron microscopy, features of glomerular filtration and permeability revealed by, after intraperitoneal injection of dextran in rats (James and Ashworth), 1193 (Abst.)
- Electronic evaluation of fetal heart rate (Hon, Bradfield, and Hess), 291
- Electrophoretic distribution of proteins in amniotic fluid and in maternal and fetal serum (Brzezinski, Sadowsky, and Shafir), 800

## Electrophoretic—cont'd

- mobility of red blood cells during human pregnancy (Rottino and Angers), 1302
- Electroplating test patterns in pregnancy and the menstrual cycle (Hartung, De Vautent, and Wolfram), 1322
- Embolism, amniotic fluid, presumptive, hypofibrinogenemia and, associated with rupture of uterus (Josey et al.), 172
- pulmonary, fatal, in gynecology and obstetrics (Meixner), 467 (Abst.)
